Flappy Wud is the first meme coin game of the Gavun Wud community, created to embody the spirit of fun, engagement, and community-driven innovation. Inspired by the classic Flappy Bird, Flappy Wud offers high-speed gameplay with exciting power-ups, for a more thrilling and addictive experience.

The game was developed by @AlexandruStefan, a dedicated community member who volunteered to lead the project with the support of the WUD team. This project exemplifies the power of a community-run meme coin, where anyone with a creative idea can contribute and enhance the eco.

## THE WUD MULTIPLIER

In Flappy Wud, your WUD tokens are more than just a meme coin—they are integral to enhancing your gameplay through score multipliers. The more WUD you hold in your connected wallet, the greater your score multiplier, giving you a significant advantage as you play.

The WUD Multiplier is a unique feature that enhances your score based on the amount of WUD tokens in your connected wallet.

## HOW IT WORKS

**Trigger Time:** The WUD Multiplier can activate randomly at any score between 10 and 69.

**Score Boost:** Your points can be multiplied by 2x, 3x, or even 4x depending on your WUD holdings.

**Extended Power:** The more WUD you have, the longer the multiplier lasts, granting you supercharged scoring for an extended period (2 seconds per 500 million WUD).

## CALCULATION DETAILS

**Base Chance:** The initial trigger chance is 20%.  
**Maximum Chance:** The highest possible trigger chance is 80%.

**Chance Increase:** For every billion tokens, the chance increases by 12% (60% divided by 5 billion tokens).

Trigger Conditions: The multiplier is triggered once per game session at a random score between 10 and 69.

## VALUE CALCULATION

Below 500 Million WUD: 2x multiplier.  
500 Million to 5 Billion WUD: 3x multiplier.  
Above 5 Billion WUD: 4x multiplier.

## DURATION

Base Duration: The multiplier lasts for 10 seconds.

Extended Duration: For every 500 million WUD tokens, an additional 2 seconds is added to the duration.

## POWER-UPS

JAM Boost: Skips 5 logs.  
KUS Boost: Skips 10 logs.

## TIPS & TRICKS

Get Used to the Physics: The game has a unique feel, so take some time to get accustomed to the physics.

Focus on Yourself: Initially, concentrate on improving your own score rather than comparing it with others.

Practice Makes Perfect: The more you play, the better you'll get at anticipating obstacles and using power-ups effectively.

## WUD PRIZES

The game will be launched as free-to-play and will remain so. However, the team will be hosting periodic tournaments with an integrated WUD Ticket system. Ticket sales will go into the prize pool which will then be distributed to the top players, encouraging competitive play, community engagement and a healthy and sustainable model. Random rewards could be given to the community.

## FUTURE DEVELOPMENTS

Version 1 of Flappy Wud includes the foundational elements of the game, but the community is encouraged to propose new features and power mechanics for future versions. This open approach ensures that the game evolves with the ideas and creativity of its players.

## CONCLUSION

Flappy Wud exemplifies the vibrant and participatory nature of the Gavun Wud community. It's a game created by the people, for the people, demonstrating that anyone with passion and creativity can contribute to the eco. Dive into Flappy Wud, enjoy the ride, and let's keep building together!
